### **FLEETWATER OPPOSITION**

His stud fee is £1500.00 Straight Fee. Frozen semen only.

### **UTOPIAN OPPOSITION**

His stud fee is £650.00 NFFR terms. Fresh and chilled semen.

The stud must be notified by the 1st of October if the mare is not in foal and be accompanied by a Veterinary Certificate to obtain a free return in the next year.

### **OPPOSITION HERACLES**

His stud fee is £500.00 NFFR terms.

The stud must be notified by the 1st of October if the mare is not in foal and be accompanied by a Veterinary Certificate to obtain a free return in the next year.

### **OPPOSITION SUPREMACY**

His stud fee is £500.00 NFFR terms. Frozen and chilled semen.

The stud must be notified by the 1st of October if the mare is not in foal and be accompanied by a Veterinary Certificate to obtain a free return in the next year.

Keep charges are in respect of feed and/or accommodation. The following charges are per week.

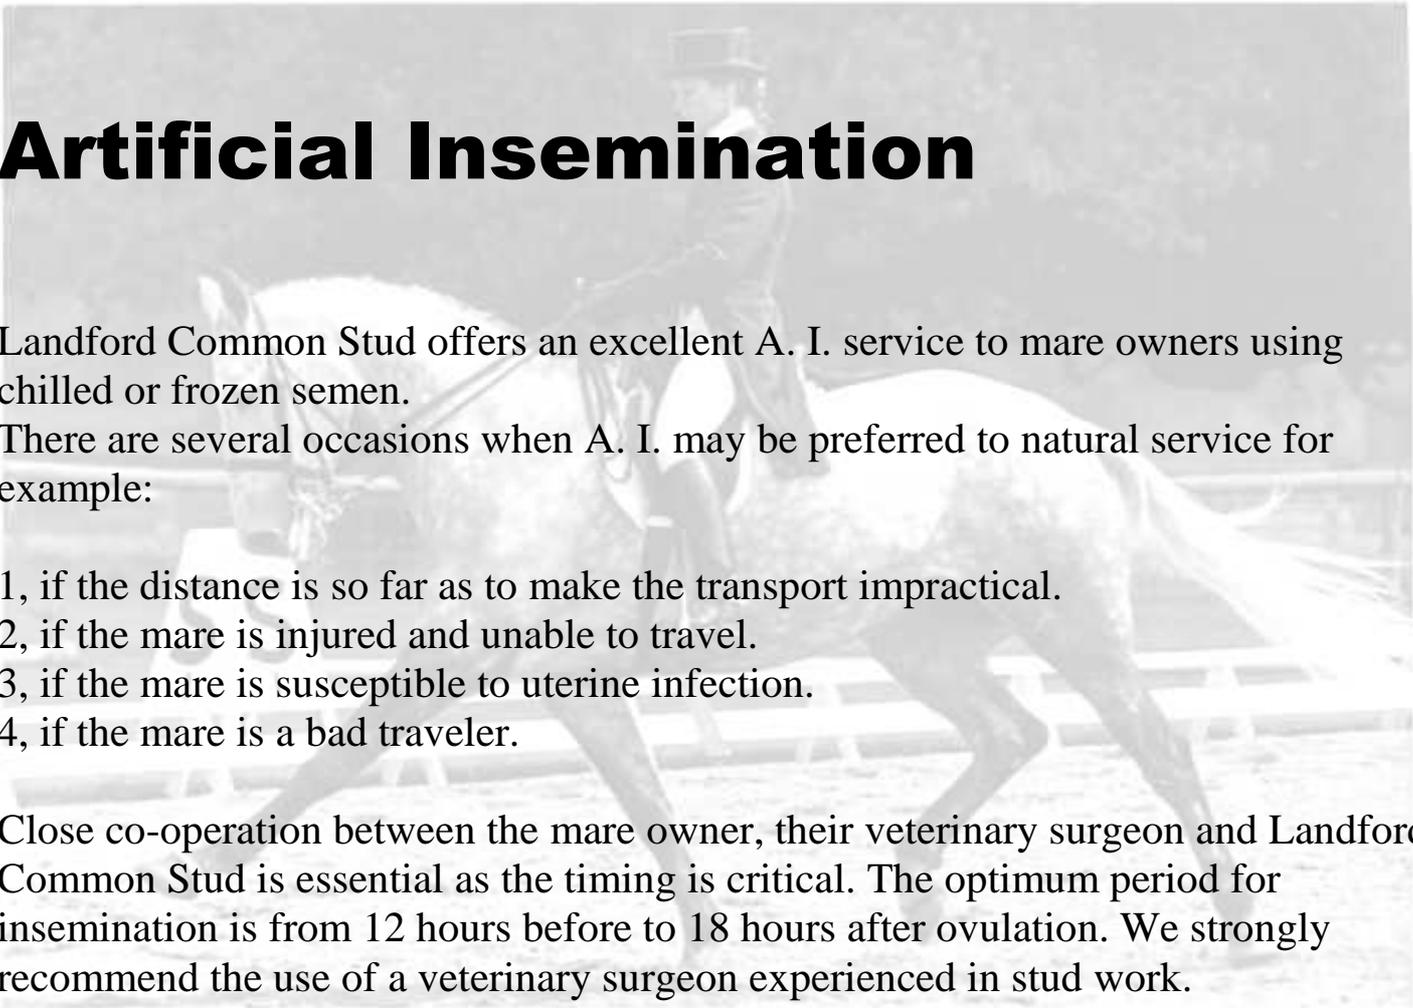

Mare and foal stabled .....	£60.00
Mare without foal stabled .....	£50.00
Mare and foal at grass .....	£30.00
Mare without foal at grass .....	£25.00

We require that all visiting mares have had a C.E.M. swab and up to date flu certificate before entering the stud and hind shoes are removed.

Our veterinary surgeon will bill direct to the owners and will be called in at the discretion of the stud.

The stud is equipped with CCTV covered foaling boxes should you wish your mare to foal down at the stud. The fee for foaling down is £150.00

# Artificial Insemination

Landford Common Stud offers an excellent A. I. service to mare owners using chilled or frozen semen.

There are several occasions when A. I. may be preferred to natural service for example:

- 1, if the distance is so far as to make the transport impractical.
- 2, if the mare is injured and unable to travel.
- 3, if the mare is susceptible to uterine infection.
- 4, if the mare is a bad traveler.

Close co-operation between the mare owner, their veterinary surgeon and Landford Common Stud is essential as the timing is critical. The optimum period for insemination is from 12 hours before to 18 hours after ovulation. We strongly recommend the use of a veterinary surgeon experienced in stud work.

The stud fee is payable in full prior to the delivery of the semen. There may also be a deposit of £250.00 for the semen container which will be payable at the time of the booking. Transportation costs will be charged to you.

If an artificially inseminated mare is certified not in foal by the 1st of October, the mare may be entitled to a free return for the following season.

## **Please note.**

**Fleetwater Opposition frozen semen is only available to those mares who's Owners agree to use a Landford Common Stud Approved AI centre. These centres are experts in using frozen semen and have agreed a special package for mares going to Fleetwater Opposition. Please return the nomination agreement along with a cheque for the stud fee to Landford Common Stud. *Payment must accompany the nomination form so that the AI centre can be authorised to release the semen.***

## NOMINATION AGREEMENT

I ..... agree to take a nomination to:  
(Print Name)

**The Stallion:**

--

**At a cost of £** \_\_\_\_\_ **I understand the terms are:** \_\_\_\_\_

**Mares Name**

(Full name as required on breeding papers)

Colour	Height	Breed & Age	Sire	Dam

Please give details of breeding history (maiden etc.) and any other information.

--

**Your mare must have a current CEM swab certificate before going to stud.**

Endometrial swabs can be done at the stud but the mare cannot be turned out until the result is known.

You will need to arrange for flu & tetanus jabs to be done if they fall due while your mare is at stud.

They are your responsibility. Please make sure your insurance covers your mare to be at stud.
